

DESIGN

Key design details include distinctive front shield graphic, floating roof effect, signature lights, and glass-embedded rear window pillar graphics

ELECTRIC FORD EXPLORER

The innovative Explorer crossover leads the way for Ford's new wave of bold, iconic electric vehicles that are steeped in American roots and designed for Europe

> Futuristic, aerodynamic body is less than 4.5 metres long for exploring in compact European cities and beyond

> Aero-optimised alloy wheels from 19- to 21-inches

> Carefully curated colours include new Arctic Blue and Blue My Mind

> Available ambient lighting can display 10 colours

> Standard comfort includes keyless entry, heated front seats and steering wheel, dual-zone climate control and driver's seat with massage and memory function

> 12 ultrasonic sensors – 5 cameras – 3 radars – for advanced driver assistance technologies including Assisted Lane Change and Clear Exit Assist [1]

OVER 600 KM RANGE

Explorer extended range RWD can drive more than 600 km [2] on a single charge and DC fast charging enables 10-80 per cent charging in approx. 26 minutes [3] for Explorer extended range AWD

SYNC MOVE

SYNC Move [4] connected infotainment introduces a 14.6-inch moveable screen concealing the secure My Private Locker Wirelessly integrate Android Auto and Apple CarPlay [5]

INTERIOR

Calm, minimalist, digitally-inspired interior features a wrap-around cockpit effect

MEGACONSOLE

17-litre MegaConsole can hold a 15-inch laptop or multiple 1.5-litre drinks bottles

SOUNDBAR

Sophisticated soundbar speaker

[1] Driver-assist features are supplemental and do not replace the driver's attention, judgement and need to control the vehicle. It does not replace safe driving. See owner's Manual for details and limitations.

[2] Up to 602 km based on full charge of Explorer RWD extended range. Estimated range using Worldwide Harmonised Light Vehicle Test Procedure (WLTP). Figures shown are for comparability purposes and should only be compared with other vehicles tested to the same technical procedures. Actual range varies due to factors such as temperature, driving behaviour, route profile, vehicle maintenance, lithium-ion battery age and condition.

[3] Charge time based on manufacturer computer engineering simulations. The charging rate decreases as battery reaches full capacity. Your results may vary based on peak charging times and battery state of charge. Officially homologated driving range will be published closer to on-sale date.

[4] Don't drive while distracted or while using handheld devices. Use voice-operated systems when possible. Some features may be locked out while the vehicle is in gear. Not all features are compatible with all phones.

[5] Requires phone with active data service and compatible software. SYNC Move does not control 3rd party products while in use. 3rd parties are solely responsible for their respective functionality.

For editorial use only. Information correct at time of publication. Check media.ford.com for updates.
