¹EPA-estimated driving range based on full charge. Actual driving range varies with conditions such as external environment, vehicle use, vehicle maintenance, high-voltage battery age and state of health. ²Calculated via peak performance of the electric motor(s) at peak battery power. Your results may vary. ³Ford test data based on typical industry methodology using 1-ft rollout. Your results may vary.

⁴Ford does not recommend using summer tires when temperatures drop below approximately 45 deg F (7 deg C) or below (depending on tire wear and environmental conditions), or in snow/ice conditions. If the vehicle must be driven in these conditions, Ford recommends using All-season or snow tires.

MODEL (CONTINUED)	Select	Premium	GT	Mustang Mach-E Rally
Connected Services	• Ford BlueCruise 90-day trial — Select/Premium with the option to purchase a 1-year plan or One-Time Purchase (min. 7-years) • Ford Connectivity Package (1-year plan as standard with the option to purchase a One-Time Purchase) and Mustang Mach-E GT Performance Upgrade		• Ford BlueCruise 90-day trial — GT/Rally come standard with 1-year with the option to purchase a One-Time Purchase (min. 7-years) • Ford Connectivity Package (1-year plan as standard with the option to purchase a One-Time Purchase) and Mustang Mach-E GT Performance Upgrade	
Connected Vehicle ^{5,6}	Mustang Mach-E features connected technology and innovation throughout: SYNC® 4A with Enhanced Voice Recognition, SiriusXM® Radio with 360L, Wireless Apple CarPlay® and Android Auto™ compatibility, Connected Navigation with 3-year service period. Ford software updates keep Mustang Mach-E at the forefront of technology. FordPass Connect™ enables FordPass App features such as Phone as a Key (PAAK), Locate & Pay for Charging, and more			
Advanced Driver Assistance Systems	• Adaptive Cruise Control with — Stop-and-Go — Lane Centering — Predictive Speed Assist • Audible Vehicle Alert System (Alerts Pedestrians) • Automatic Emergency Braking (AEB) Oncoming • Auto High-Beam Headlamps • BLIS® (Blind Spot Information System) with Cross-Traffic Alert • Evasive Steering Assist • Forward Sensing System • Headlamps — Autolamp (Automatic On/Off) • Intersection Assist • Lane-Keeping System — Lane-Keeping Alert — Lane-Keeping Aid — Driver Alert — Road Edge Detection • Pre-Collision Assist with Automatic Emergency Braking (AEB) — Pedestrian Detection — Forward Collision Warning — Dynamic Brake Support • Post-Collision Braking • Parking Sensors, Front, Side, and Rear • Rear View Camera • Reverse Brake Assist • 360-Degree Camera with Split View			
Charging Solutions ^{7,8}	• Access to Ford BlueOval™ Charge Network • Fast Charging Adapter (NACS) (opt.) • Ford Mobile Power Cord (opt.) — Switchable cord end to allow customer charge functionality with 120V (NEMA 5-15) or 240V (NEMA 14-50) • Up to 150kW DC Fast Charger Capability			

⁵Ford BlueCruise is a hands-free driving feature. ⁶Available Feature. BlueCruise requires a Connected Service plan, FordPass[®] App, and modem activation. Equipped Ford vehicles come with either a complimentary trial period or an included BlueCruise Connected Service plan duration, after which purchase is required. See ford.com/bluecruise for more details. BlueCruise driver-assist features are supplemental and do not replace safe driving or driver's attention, judgment and need to control the vehicle. Only remove hands in a Hands-Free Blue Zone. Always watch the road and be prepared to resume control. See Owner's Manual for details and limitations. ⁷Services require SYNC[®] 4 or newer, activation through FordPass[®] App (subject to FordPass Terms), modem activation, and a Connected Navigation service plan. Equipped vehicles come with [either] a 90-day [or] up to 3-year] Connected Navigation trial from new vehicle warranty start date, after which purchase is required. Connected service and features depend on compatible AT&T network availability. Evolving technology/cellular networks/vehicle capability may limit functionality and prevent operation of connected features. ⁸Charge time based on manufacturer tests. The charging rate decreases as battery reaches full capacity. Your results may vary based on peak charging times and battery state of charge.
